

NOTICE:

READ BEFORE USE!

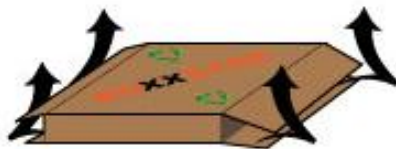

Instructions for use of the National Recycling Container System:

1. Set pallets in desired location. (Note: Must have 10' access way for machinery to provide pickup.) Keep in mind of driveways or lawn that might be damaged.
2. Unwrap Containers and set up as detailed in drawing below: Ex.a- Open container. Ex.b- Fold in flaps on bottom. Ex.c- Stand container square on pallet (Check to make sure bottom is secure and flat). Ex.d- Fill with roofing debris.
3. Remember to keep all non-shingle debris. (wood, drip edge, shingle wrappers, ice-shield film...etc.) to 1 of the containers only!
4. Enjoy the convenience of having your container where you need it.
5. If setting containers off of driveway please remember you must **Sign the waiver on back of this sheet and attach to container.**
6. When finished with your roofing project please call: **1-877-62-RECYCLE (877-627-3292)** for pickup. Please remember to have your Credit Card or Check information available.
7. Make sure **ALL DEBRIS ARE INSIDE CONTAINERS**; we do not accept responsibility for any debris on ground at the work site.

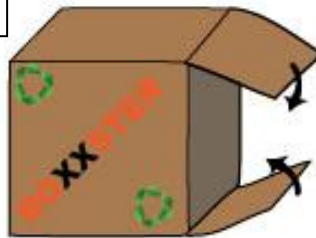

****WARNING:** Dispose of wrapping film **IMMEDIATELY**, the thin film can cause suffocation, **KEEP AWAY FROM CHILDREN.** **Las bolsas de plastic pueden ser peligrosas. Mantenga esta bolsa fuera del alcance de los niños para evitar el peligro de asfixia.

****WARNING:** Use extreme **CAUTION** when cutting plastic banding on containers, banding is under pressure and can injure yourself or others, all appropriate safety measures should be used.
